Dear Mr. Lamando:

I would like to compliment you on the wonderful buffet service we received at the Wednesday, January 9, 2002 meeting catered by your company. The presentation was beautiful and beyond my expectations, always a pleasant surprise. The food was fabulous and expertly prepared. All of our guests were both pleased and impressed.

I would also like to thank Nikitas, Ron and Spring for their excellent service. They handled each challenge presented to them with ease and their professional behavior and appearance was refreshing. They are truly an asset to your organization and I will not hesitate to request their services at future events.

Coastal Jaw Surgery sponsors many meetings and special events throughout the year and I am pleased to know that there is a caterer in the area that I can count on. I look forward to working with Amici's Catered Cuisine again and will be in contact with you soon.

Sincerely,

Brenda E. Browne
