Sylvia,

I just wanted to let you know that the food we ordered from Amici's for our November 10<sup>th</sup> party was fantastic. I normally cook myself, but since we were throwing a surprise party for my husband, I couldn't cook ahead of time. All of our guests were quite impressed and we gave your name out to a number of people who wanted to know who made the lasagna. It was the best lasagna I've ever had - and I'm a pretty good cook, myself. The Key West salad was delicious and a big hit. We also ordered your meatballs, which had the perfect amount of garlic. I loved them. Thanks for helping to make our party a great success. We will definitely cater from you again.
