Hello Amici's,  
I am writing to tell you what a fantastic experience we had this Saturday, when you catered my mom's 70th birthday party. The food was so delicious, presented so beautifully and there was more than enough for all the guests. Everybody was raving and I am sure more business will come from the event. Susan and Lucy were fantastic and made the party fun, organized and easy for me! I am a former restaurateur and caterer so my critic is probably tougher than most clients- I will continue to refer clients your way and I personally, can't wait to use you again! Patti
