Dear Ms. Weaver:

We would like to thank you for helping to make our Christmas party a great success. We have never had the amount of guests compliment us on the food or request information about who the caterer was who provided the food in the 9 years of the Christmas Party or the parties which preceded moving the party to the holiday season. Everything was spectacular, thanks to Amici's. We often gage the success of the caterer by the amount of food left over, which was only 3 half trays and those will be enjoyed. While we can't address how good the Buffalo wings were because there were none left over and we didn't get the opportunity to sample any of them during the evening; they must have been very good because there were not any left over. We can not explain how much we have enjoyed Amici's quick response to our inquiry, the promptness of the delivery of the food and the care taken in the preparation of the food. Please relay this information to all of your staff involved in the preparation of making our party such a success. While, Rob can take credit for some of the party, it could not have been as successful without the involvement of Amici's. Again thank you for the excellent selection of foods we were able to offer our guests.

Please note we will need your services again for next year's party December 5, 2009. If you could send us any menu changes in late October / early November of next year we will be able to begin the menu selection. Once again, thank you for making the party such a success for our guests.

Sincerely,

Robert Seliskar & David Messick
